Data sheet

Water measuring standpipe and drinking water standpipe

Description

Water measuring standpipes are used to take water from drinking water supply networks and are fitted with a water meter.

To protect the drinking water network, they are fitted with backflow preventers or system separators that prevent contaminated liquids from flowing back into the drinking water supply network. verhindern.

Available water measuring standpipes

Special drinking water standpipes are marked in blue

We have water meters in 3 sizes

QN 2,5	5m ³ /h
QN 6	10m ³ /h
QN 10	20m ³ /h

Water measuring standpipes DN80
with water meter MS QN 2,5 - 5m³/h
 calibrated, certified, sealed
 aluminium base, rotatable head

Execution	Art. no.
Zapfventil	406011
Zapfventil m. RV u. Bel.	406012
1x Storz C absp. u. Zapfventil	406013
Zapfventil u. Systemtrenner	406082

example standpipe

Water measuring standpipes DN80
with water meter MS QN 6 - 10m³/h
 calibrated, certified, sealed
 aluminium base, rotatable head

Execution	Art. no.
Storz C	406031
Storz C absp.	406032
Storz C absp. m. Zapfventil	406033
2x Storz C absp.	406034
Storz C absp. m. Zapfventil u. Systemtrenner	406083

example standpipes

Water measuring standpipes DN80
with water meter MS QN 10 - 20m³/h
 calibrated, certified, sealed
 aluminium base, rotatable head

Execution	Art. no.
Storz C	406051
Storz C absp.	406052
Storz C absp. u. Zapfventil	406053
2x Storz C absp.	406054
Storz B	406071
Storz B absp.	406072
Storz B absp. u. Zapfventil	406073
Storz C absp. m. 2x Zapfventil u. Systemtrenner	406084

example standpipes

Water measuring standpipes DN80 with water meter MS

calibrated, certified, sealed
Tap $\frac{3}{4}$ ", aerator and RV

Execution	Art. no.
QN 2,5 1x Zapfventil	406022
QN 6 2x Zapfventil	406040
QN 6 4x Zapfventil	406041
QN 6 8x Zapfventil	406042

example standpipe

Standpipe stainless steel / brass DN80 with water meter

calibrated, certified, sealed
Tap valve $\frac{3}{4}$ ", aerator and RV

Execution	Art. no.
QN 6 Storz C MS	406043
QN 10 Storz B MS	406055

e

Accessories

Optionally, all stainless steel/water measuring standpipes can be supplied with a conical sieve.

Execution	Art. no.
Sieve	950055
Locking ring	950050
